

Assignment-2

Hands-On Practice: Permission Sets, Object & Field Level Security

1. Create a custom object named 'Project'. Make sure only System Administrators can create, edit and delete records of this object.

Except System Administrator set everything to Hidden Tab.

Only System Administrator can access the operations.

Setup Home | Salesforce Go | Service Setup Assistant | Commerce Setup Assistant | Hyperforce Assistant | Release Updates | Salesforce Mobile App | Lightning Usage | Optimizer | Sales Cloud Everywhere

The screenshot shows the Salesforce Setup interface. The left sidebar contains a 'Setup' menu with options like 'Setup Home', 'Salesforce Go', 'Service Setup Assistant', 'Commerce Setup Assistant', 'Hyperforce Assistant', 'Release Updates', 'Salesforce Mobile App', 'Lightning Usage', 'Optimizer', 'Sales Cloud Everywhere', and 'ADMINISTRATION'. Under 'ADMINISTRATION', there is a 'Users' section with 'Profiles' highlighted. The main content area is titled 'SETUP Profiles' and shows the 'Project Viewer' profile. It includes tabs for 'Profile Overview', 'Object Settings', and 'Projects'. The 'Object Settings' tab is active, showing 'Tab Settings' (Default On) and 'Record Types and Page Layout Assignments' (Project Layout). Below this is a table of 'Object Permissions' for the 'Project' object, listing permissions like Read, Create, Edit, Delete, View All Records, Modify All Records, and View All Fields, all of which are enabled.

3. Create a field named 'Budget' (Currency) on the Project object. Ensure that only users with the 'Finance' permission set can view and edit this field

The screenshot shows the Salesforce Setup interface for the 'Project' object. The left sidebar contains a 'Setup' menu with options like 'Setup Home', 'Salesforce Go', 'Service Setup Assistant', 'Commerce Setup Assistant', 'Hyperforce Assistant', 'Release Updates', 'Salesforce Mobile App', 'Lightning Usage', 'Optimizer', 'Sales Cloud Everywhere', and 'ADMINISTRATION'. Under 'ADMINISTRATION', there is a 'Users' section with 'Profiles' highlighted. The main content area is titled 'SETUP > OBJECT MANAGER Project' and shows the 'Fields & Relationships' tab. It includes fields for 'Field Label' (Budget), 'Length' (18), 'Decimal Places' (0), 'Field Name' (Budget), 'Description', and 'Help Text'. There are also checkboxes for 'Required' and 'Auto add to custom report type'. The 'Default Value' field is set to 'Show Formula Editor'.

Email field is visible inside the user

10. Create a report that includes a restricted field. Observe and note what happens when a user without FLS tries to view the report.

In Admin we can see the Confidential Notes column.

Developer Edition Welcome

REPORT New Contacts & Accounts Report Contacts & Accounts

Previewing a limited number of records. Run the report to see everything.
